

NEARLY SIX THOUSAND VOTES ARE CAST AT THE MUNICIPAL PRIMARY

CANDIDATES ARE CHOSEN FOR CITY ELECTION TO BE HELD ON TUESDAY APRIL 20

George W. Davis and Henry J. Rodgers Will Seek Mayoralty—George P. Davis, Joshua Vasconcellos, Jerry Cox, Francis M. Brewer, W. F. Widmayer, Joseph F. Brennan, J. Edgar Martin and C. R. Knollenberg Are Successful Candidates for Commissioner—Are Selected by Vote Ranging from 2453 to 997.

the last to come in was received after midnight.

In most instances the officials counted the women's ballots first, but in others both men's and women's ballots were canvassed at the same time. In some precincts more women than men were serving as officials and, while the work was new to them, they had taken the trouble to so familiarize themselves with their duties that there were none of the expected delays because of inexperience. The women who served as officials, without exception, stated that they found the work exceedingly interesting and, while they confessed that the hours were long, they did not regret at all that they had met the duties of citizenship and agreed to serve as election officials.

Altogether the election was one of the best ordered ever held in Jacksonville and it is somewhat surprising that there was not more confusion on the part of voters from the fact that the new voting precincts were in effect and very few citizens cast ballots at the places where they had been accustomed to in past years.

In a contest wherein there are thirty candidates with ten to be chosen, there must necessarily be some disappointments, but, as a whole the election has no doubt given a fair expression to the wishes of the people.

The people of Jacksonville yesterday at the primary election cast 5,500 votes. The total registration was 8750, which means that about 65 per cent of the total vote was polled. For an unfavorable day this would have been a good vote, but the weather was so ideal Tuesday that the figures did not equal expectations.

Until noon many men familiar with political affairs believed that not more than fifty per cent of the vote would be cast, but during the afternoon a great number of women voted which increased the per cent to the figure already quoted. In some precincts the figures indicate that there was a greater interest on the part of the women than the men.

The underlying machinery for an election under the commission form of government act is so different from any other election that it is very difficult to figure on results. So far as known there was no combination of candidates, and each one of the thirty was going it alone with whatever organization he could summon.

In most instances there was practically no organization, the candidate having simply made his canvass, interviewed his friends, advertised in other ways that he would appreciate support, and then left himself "in the hands of his friends." There were some candidates who had carriages and automobiles but the polls did not have the usual number of workers about them, and during most of the day did not present a very lively scene.

The total vote for mayor four years ago was 2,986, and the total vote for mayor yesterday was 5664, the increase being accounted for because women voted this year. The highest vote cast for commissioner in the primary election four years ago was 978, received by the late G. W. Brown, and Daniel Bahan received 817. William Newman received 420 votes, which was the lowest figure of any of the successful eight. In the election later C. R. Knollenberg had the highest vote.

This year the highest vote is that of G. P. Davis, who has 2453 to his credit. Joshua Vasconcellos is next with 2023 and Jerry Cox is a good third with a record of 1799. Francis M. Brewer drew fourth place with 1082. W. F. Widmayer coming in fifth, having 1074. Joseph F. Brennan is sixth on a vote of 1035, hard pressed for place by J. Edgar Martin with 1030. A few further votes down was Charles R. Knollenberg having a total of 997, and not a great distance ahead of Daniel Bahan. The general order of the finish will appear from the tabulated list herewith.

As already indicated, the morning vote in most of the precincts was light, but the afternoon turnout was such that when the polls closed at 5 o'clock more than the average percentage for a primary election, had voted. The election officials, in counting the ballots, used various systems and the earliest complete returns were made to the city clerk at 8:15 o'clock and

WARN AMERICANS TO LEAVE MEXICO CITY

ZAPATISTA FORCES ARE REPORTED TO HAVE OCCUPIED CAPITAL

Two American Warships Are Ordered to Proceed at Once to Vera Cruz—News of Quiet at Evacuacion Brings Feeling of Relief to Officials.

Washington, March 9.—American citizens again have been warned to leave Mexico City in view of the critical situation that has arisen there. Secretary Bryan announced tonight that transportation facilities would be sought for as many as desired to leave. The Battleship Georgia and the Armored Cruiser Washington were ordered by Secretary Daniels to proceed at once to Vera Cruz after conference with President Wilson. Consular messages from Vera Cruz stated that it was reported there that the evacuation of Mexico City began last night.

Enrique C. Llorente, Washington representative of General Villa, received a message saying the Zapatista forces occupied Mexico City today immediately on the evacuation of Obregon's troops.

Silliman Delivers Note.

Word came from American Consul Silliman that at a personal interview with Gen. Carranza he had delivered to the latter the formal note from the United States government demanding an improvement in the conditions for foreigners in the territory under his control.

Carranza promised a written reply soon but stated orally that General Obregon had not prevented food supplies from reaching the City of Mexico nor had he sent the available supplies from the capital. These were the principal developments today in the Mexican situation, the importance of which today overshadowed in official Washington interest in the European war. Although the contents of the American note to Carranza were not revealed, its emphatic tone impressed members of the diplomatic corps that serious consequences would ensue if Carranza failed to heed the representations made to him. The United States in its communication, it became known today, described conditions as intolerable and called upon Carranza to take the necessary steps to correct the situation. The incendiary utterances of General Obregon were noted by the American government as likely to stir up dangerous feeling against foreigners, giving rise possibly to riots and outrages.

Would Hold Carranza Responsible.

The note pointed out that if harm befell any foreigners as the result of conditions that had arisen the American government would hold Carranza officials personally "responsible" and would take the necessary means to impose the responsibility where it belonged. It was not in the nature of an ultimatum. President Wilson himself today declared that the United States did not utter ultimatums but presented views and acted accordingly. In view of this warning, it was considered likely that the Obregon forces would not evacuate Mexico City without arranging for some method of police

GRANTS POWER TO TAKE OVER MANUFACTORIES

HOUSE OF COMMONS UNANIMOUSLY GIVES AUTHORITY TO GOVERNMENT

Report Further Progress in the Dardanelles—Bulgaria is Said to be Involved in a Constitutional Crisis—Fighting in East and West Continues Without Making Situation Much Clearer.

London, March 9.—(10:43 p. m.)—The house of commons today gave the government authority to take over the control of the entire engineering trade of the country and to place it under a combined management for the purpose of increasing the output of munitions of war.

David Lloyd-George Asks Action.

The defense of the Realm act, passed at the outbreak of the war, gave the government power to take and exercise control over works where war materials were being actually made. David Lloyd-George, the chancellor of the exchequer, on behalf of the government today asked that the control of manufacturing be extended to works which were capable of being used for that purpose. This power was unanimously granted, although Andrew Bonar Law, the leader of the opposition, described the measure as "probably the most drastic ever laid before parliament."

The report that three of the forts guarding the Narrows one on the European and two on the Asiatic side of the Dardanelles, all of which were armed with 14 inch guns, have been silenced, has increased the confidence of the British public that the guns of their warships are quite heavy enough to force the straits, although nobody seems to expect this to be done quickly or without the British suffering some losses.

In addition to the military and economic importance of the opening of the straits would have, the allies are said to believe, an immense effect not only on Turkey, but on Turkey's neighbors.

Report Crisis in Bulgaria.

Greece already is involved in a constitutional crisis over the Dardanelles and it was reported today that a similar crisis had arisen in Bulgaria, where it was said the premier was demanding intervention on the side of the allies in opposition to the wishes of King Ferdinand who, it is declared, desires to remain neutral.

In Greece, M. Gounaris has undertaken to form a cabinet to succeed that of M. Venizelos and threatens to dissolve parliament if that body does not endorse his policy of friendly neutrality toward the allies. It is believed in high official circles in London however, that the people will force the Greek government to intervene and that M. Venizelos will soon be back in office.

In the east and the west, fighting between the Germans and the allies continues, but without making the situation much clearer. The Russians claim to have inflicted another defeat to Germans in the region of Augustowo, in north Poland, a short distance from the east Prussian frontier, which threatens to break the communication between the Germans near the lower Niemen and those before Ossowetz.

WAR NEWS SUMMARIZED

German submarines apparently have again become active in their quest for ships of enemy powers.

Three steamers have been sunk by widely separated spots in the waters off the western, southern and eastern coasts of England, while another steamer escaped a similar fate only through the use of speed superior to that of a submarine and steering on a zig-zag course. The North Sea, the English channel and the Irish sea were the scenes of the three disasters, in one of which 37 members of a crew of 38 perished.

Desperate fighting is going on between the Germans and the Russians in north Poland, between the Niemen and Vistula rivers and near the town of Augustowo, almost on the east Prussian frontier, with the advantage, according to Petrograd, in favor of the Muscovites.

Further south on the left bank of the Vistula and in the Carpathians, engagements similar to those which have been in progress for some time continue.

In the west the French official report declares

BE
ON
TIME

"ACCURACY" IS THE FIRST QUALITY A WATCH SHOULD POSSESS. WE GUARANTEE THE TIME KEEPING QUALITY OF OUR WATCHES. WE HANDLE WATCHES FROM THE LEADING MAKERS AND YOU CAN ABSOLUTELY RELY ON THEIR ACCURACY. COME SEE OUR CLOCKS. A CLOCK MAKES A BEAUTIFUL, USEFUL ORNAMENT FOR YOUR HOME. NOR CAN YOU MAKE A MORE ACCEPTABLE PRESENT THAN A CLOCK. Ground Rock Phosphate Increases Soil Fertility

I have taken the agency for Tennessee Phosphate Rock and will sell to Morgan county farmers by the ton or carload. Rock Phosphate will supply the phosphorus your soil needs. It makes clover grow. The most successful Illinois farmers are using it. Telephone for booklet or call and see sample of the rock. A good supply in stock. I also sell ground lime stone fertilizer for correcting "sour" soils.

FIND BODY IN CLAY HOLE.
Chicago, March 9.—The body of
Joseph Szymanski, who disappeared
last November, the day before he
was to have married Mrs. Otto Vaz-
orecki, of Barr Oak, a suburb, was
found tonight in a clay hole near
their home. Otto and Theodore
Weigorecki, sons of Szymanski's fian-
cée who were said to have opposed
their mother's plan to re-marry,
were arrested.

SHANAHAN READY TO ANNOUNCE COMMITTEES

LIST WILL BE PRESENTED TO HOUSE WHEN IT CONVENES THIS MORNING

Several Important Chairmanships
Are Understood to Have Been
Allotted to the Democratic Side
—Control of Most of Committees
Is Placed on Republican Side.

Springfield, Ill., Mar. 9.—Speaker
Shanahan is ready to announce the
standing committees of the house
as soon as that body convenes to-
morrow morning. The speaker
spent the entire day in his office in
the state house, putting the finish-
ing touches on the list and confer-
ring with house members, a number
of whom came to Springfield today.
It is possible that two more changes
will be made before the committees
are announced, but in any event
Speaker Shanahan says they will
be laid before the house in the
morning.

Republicans Get Majority.
While Speaker Shanahan declines
to give out any information re-
garding the makeup of the commit-
tees until they are presented to the
house, it is understood that several
important chairmanships have been
allotted to the Democratic side. A
majority of chairmanships and the
control of most of the committees is
placed on the Republican side.

The roll will be called each day
this week for introduction of bills
and it is expected that by the close
of this week enough measures will
be received to keep every commit-
tee working at top speed. The rules
committee has some important mat-
ters to present to the house to-
morrow and these are expected to oc-
cupy most of the time of tomorrow's
session.

To Discuss Relief Measures.
Tomorrow afternoon has been set
aside for the discussion by house
members of measures relating to
the foot and mouth epidemic among
Illinois livestock. It is expected
that the members will be able to
agree tomorrow upon a course of
action and that the senate bill
which has already been passed on
the subject will be amended to fit
the ideas of the house and rushed
to passage in that chamber. Indi-
cations are that an appropriation
bill on the subject may get to Gov-
ernor Dunne before the present
week ends.

Senator Curtis' resolution provid-
ing for the submitting to the voters
of the state of a proposal for a con-
stitutional convention will be taken
up as a special order in the sen-
ate tomorrow morning. There ap-
pears to be no doubt that the resolu-
tion will receive the required two-
thirds vote in the senate.

May Attempt to Organize Senate.

It is likely that another attempt
will be made tomorrow by the Re-
publican senators to organize the
senate insofar as the standing com-
mittees of that body are concerned.
A resolution which was introduced
last week by Senator Eitelson nam-
ing five Republicans as a committee
to select the senate committees will
come up for the consideration un-
der the senate rules, together with
a second resolution offered by Sen-
ator Barr which names three Re-
publicans and two Democrats for
this purpose.

An attempt by the Republican
side last week to suspend the rules
for the immediate consideration of
these resolutions failed, none of the
Democrats supporting the move-
ment. It will not be necessary
however, for any Democratic sena-
tors to vote with the Republicans
when the resolution comes up for
adoption, provided a sufficient num-
ber of Democrats remain silent
when the roll is being called. While
a constitutional majority is neces-
sary under the senate rules to sus-
pend the rules, either resolution
may be adopted upon majority vote.
With a full attendance of senators,
should the Republicans all vote to-
gether and three Democrats re-
main silent on roll call the resolu-
tion would be adopted.

BUSH HEADS BOARD OF MISSOURI PACIFIC AND IRON MOUNTAIN

Change is Considered First Official
Step Toward Re-Organization of
Gould System of Trans-Continent-
al Roads.

St. Louis, Mo., March 9.—What
was considered in railroad circles as
the first official step toward the re-
organization of the Gould system of
trans-continent-al railroads was taken
here today when important
changes were made in the director-
ate of the Missouri Pacific-Iron
Mountain system.

THE PEOPLES CANDIDATES

The people yesterday nominated
for office two candidates for mayor
and eight for commissioner from
whom the people will select a mayor
and four commissioners, Tuesday,
April 20th. The candidates are named
herewith:

Henry J. Rodgers, who was nomi-
nated for mayor, received total vote
of 2416, a testimonial to the high
place he has in public opinion.
Mr. Rodgers, who is now vice
president of the Avers National bank
has been a resident of Jacksonville
about sixteen years. He served as
assessor and treasurer of the county
and also as sheriff, and subse-
quently became associated with the
Jacksonville National bank. At Waverly
he took part in public affairs,
serving several terms as mayor and
has been identified with a great
many public movements since he
came to Jacksonville. He is ac-
counted a business man of special
ability, and has the general reputa-
tion of very pronounced views on
law enforcement. He may also be
termed a man with a vision.

George W. Davis who was renom-
inated for mayor is just completing
a four year term in office. Prior to
that time he served several terms
as city clerk and is credited with
greater familiarity with the city's
records than any other man. His
years at the city hall have given
him an intimate knowledge of the
somewhat complicated details of city
affairs and he knows exact condi-
tions as to bonded indebtedness and
matters of that kind. Mr. Davis' in-
tegrity has never been questioned
and he has always openly stood for
the principles he believes right and
proper. Mr. Davis has made his
own career and has the friendship
and respect of a great many ad-
herents.

Francis M. Brewer who stood
fourth in the list of successful can-
didates is proprietor of the Dunlap
house. He has been a resident of
Jacksonville now about two years
but was a citizen here some time
prior. He has resided too at Alex-
ander and Waverly and is really
very well known all through the
county. Mr. Brewer was the first
candidate to announce himself and
made a very direct appeal for the
support of both men and women. In
his platform he declared in favor of
law and order, local option, woman's
suffrage and other principles which
the majority look upon with favor.
He is a man of excellent character.

Joseph F. Brennan, who has served
the city for the past two years
and a half as commissioner of light
and water departments by appoint-
ment, was nominated and will seek
election to office with the expecta-
tion that if successful he will be
again placed in charge of these de-
partments. The fact that the public
has been greatly pleased by the de-
velopment of the water and light
service had much to do with his
election yesterday. Mr. Brennan has
devoted himself night and day to the
duties of the department and it is
the desire to complete some unfin-
ished work that made him decide on
the day of final filing of petitions,
that he would be a candidate. The
splendid work that he has done while
serving as commissioner is the very

best argument that can be made for
his election on April 20th.
Jerry Cox has been a resident of
Jacksonville for the past five years,
but prior to that time, as a resident
Morgan county farmer and as an
auctioneer, he was frequently in
Jacksonville and is possibly as well
known as any man in the county.
As assessor and treasurer he gave
evidence of his belief in running
that office on business principles,
and altogether he is a man of strong
character. Mr. Cox is a keen busi-
ness man who has made a success of
his own affairs.

The vote cast for George P. Davis
was complimentary to his record of
some years service in the police de-
partment. It has been understood
that if elected and assigned to the
public health department that Mr.
Davis would serve as the chief of
police, and his fitness for the office
seemed to make a general appeal.
He is an exceedingly efficient offi-
cer and with all a very popular man
among all classes of citizens.

Charles R. Knochenius has served
as commissioner during the past
four years and his recent statement
that he has always been on the job
is substantiated by the facts. He
has conducted the department of ac-
counts and finances of the city in a
thoroughly business-like manner,
introducing various reforms which
have added largely to the efficiency
of the department and have made
for economy. He has been a faith-
ful officer and has given strict at-
tention to all duties of his depart-
ment, in addition to co-operating in
the work of other departments.

To some people possibly the vote
cast for J. Edgar Martin will come
as something of a surprise, for at
the opening of the campaign he did
not have as wide an acquaintance
as some of the other candidates. He
was raised in Morgan county, but
has lived in Jacksonville for possi-
bly six or seven years. He is a clean-
cut young business man, of excellent
character, and is most highly esteem-
ed by those who know him best. If
elected he can be relied on to give
the city faithful service.

Joshua Vasconcellos polled a very
large vote which may be attributed
to the friendship he has in all parts
of the city, and also to the record
he made while serving one year as
a street commissioner under the late
Theodore Tyrell. At that time he
did a great deal of needed work on
the streets and conducted the de-
partment in a way both efficient
and economical. During past years
he has been very active in various
movements looking toward the bet-
terment of Jacksonville, and is a
strong, substantial citizen.

William F. Widmayer, before the
primaries, took an open stand on
various important questions. He is
accounted one of the most success-
ful of present day Jacksonville busi-
ness men, and his character is of
the open kind, which with honesty
and integrity makes a strong appeal.
He has many qualities which fit
him for public service.

Each one of the men nominated
has certain qualities which commend
him to the public as suitable for the
duties of a city officer.

And for the present, enough said.

NOT TO GIVE APPOINTMENT TO PERSONS REJECTED BY SENATE

President's Decision Does Not Ap-
ply to Nominations Which the
Senate Merely Failed to Act Up-
on.

Washington, Mar. 9.—President
Wilson it became known tonight
has decided not to give recess ap-
pointments to a number of persons
whose nominations for federal of-
fices were rejected by the senate
during the last session. His deci-
sion however does not apply to
nominations which the senate merely
failed to act upon and in most of
these cases recess appointments
will be made in the near future.
Those whose nominations were re-
jected and in whose place others
probably will be chosen soon in-
clude:

John D. Lynn, United States At-
torney for the western district of
New York.

W. N. Collins, postmaster at
Kansas City, Mo. Mrs. Majorie J.
Bloom, postmaster at Devil's Lake,
N. D.

Ewing C. Bland, United States
marshal for the western district of
Missouri.

A. H. Baile, postmaster at Ennis,
Texas.

George Hampton, collector of in-
ternal revenue for the first district
of New Jersey.

BEGIN TRIAL OF MEN INDICTED IN CONNECTION WITH LYNCHING

CHESTER, Ill., Mar. 9.—The trial
of five men indicted last December
in connection with the lynching of
Albert Piazza by a mob near Percy,
Ill., on October 14, 1914, was be-
gun in the circuit court here today.
The men on trial are Allen Russell,
Nelson Osborne, Charlie Dildy,
Thomas Browning and Edward
Beisner. Three jurors were chosen
during the day and another venire
of 50 men was called for tomorrow.
Piazza was lynched following a
general fight between American and
Italian coal miners in which two
Americans and a brother of Albert
Piazza were killed.

It is understood here that the
Italian consuls in Illinois gathered
the evidence upon which the indict-
ments were based.

GOOD GOVERNMENT CANDIDATES WIN.

Decatur, Ill., Mar. 9.—John B.
Barnhart, representing the good
government league and Dan Din-
neen, present incumbent, were nom-
inated today for mayor.

The Good Government League
candidates lead the ticket for com-
missioners.

HORSE FEEDERS

WOOD'S IMPROVED
GRAIN SOFTENER
Pat. Jan. 8th, 1915.

We find after several tests on feeding horses, softened grain with all its strength retained in it, is the best feed for a horse that can be fed. It keeps them in a healthier condition, and they will drive better, do more work, look better, beside we save one-third the feed. I will furnish one plant in each town, one on 20 days free trial to prove my claims, and I will furnish one of my plants in each county, on 30 days free trial to prove it is the best cattle feed, and the stop of the maul fed cattle the best hog feed. A little soda is good for all classes of stock; helps them digest their feed. I ask all cattle feeders and horse feeders to try one.

2 gallons of corn with the cob in it cooked will make all any steer can eat, and gain 3 1/2 to 4 pounds per day, if clover is fed with it in dry lots.

1 gallon with the cob in it makes a day's feed for a horse.

1 gallon corn with ground clover in it feeds a hog a day.

CHAS. WOOD, R. F. D. No. 6.

MR. & MRS. JAMES ROUGH HAVE GOLDEN WEDDING ANNIVERSARY

Celebration Took Place Tuesday at Family Residence in Winchester—Other Items of Interest.

Mr. and Mrs. James Rough celebrated their golden wedding anniversary Tuesday in Winchester with about thirty of their nearest relatives being present. At twelve o'clock Miss Caroline Coultas played Mendelssohn's wedding march while the guests marched into the dining room where a most elegant dinner was served by their daughters, Misses Dell and Kate Rough and Mrs. Warren North.

The decorations were most beautiful consisting chiefly of daffodils and potted ferns. Many beautiful presents were received by the couple, the most unique being a guest book of white pages tied with

gold ribbon in which was written with gold ink a story of their lives together with space for names of the guests.

Mr. Rough was born in Pennsylvania but at an early age moved to Winchester where he has since resided. Mrs. Rough was born and reared in Scott county. Her maiden name was Coultas and she is the daughter of Mr. and Mrs. Isaac Coultas.

Pioneer Lodge Elects Officers. Pioneer Lodge I. O. O. F. No. 70 at a recent meeting elected the following officers: Noble Grand, Edward Munze; Vice Grand, David Cowhick; Recording Secretary, Henry Higgins; Financial Secretary, W. C. Cowper, and treasurer, J. C. Mead.

Personal Mention. Luther Mason of Canton is expected to arrive today for a visit with his parents, Mr. and Mrs. Robert Mason.

J. F. BRENNAN
Candidate for Commissioner

SOCIAL EVENTS.

Surprise Party For Catherine Gustafson.

Miss Catherine Gustafson of 1261 South East street, was given a happy surprise Tuesday evening on the occasion of her 14th birthday, by the members of the "Faithful Followers", a Sunday school class of the Central Christian church, of which Miss Gustafson is a member. The girls met in a body and went to the home. Before their arrival Miss Gustafson was sent to a neighbor's home on an errand and during her absence the house was decorated in red and white and everything made ready for the guest of honor who was indeed surprised.

The evening was spent in a very pleasant manner with music and games and during the time some delightful refreshments were served. Miss Gustafson received a number of pretty presents and the entire evening proved one of great merriment.

Among the guests present were Misses Florence Clement, Helen Baker, Dot Diltz, Vivian Hughes, Leola Spencer, Irene Chapman, Leona Mitchell, Helen Snyder, Helen Hettick, Dorothy Magill, Beulah Slater, Ethel Bishop, Adelaide McCarty, Catherine and Irene Gustafson, Lillian Deiers, Edith and Lucille Strandberg.

Miscellaneous Rush Given For Newly-weds.

A miscellaneous rush was given Monday night at the home of Mr. and Mrs. Samuel Davenport in honor of Mr. and Mrs. Clarence Phillips who were recently married. Mr. Davenport is Mrs. Phillips' father. Games furnished amusement to the large crowd present and during the hours delicious refreshments were served. The newly-weds received many beautiful and useful presents.

Missionary Society Meets With Mrs. Sanders.

The Home and Foreign Missionary society of Westminster church met Tuesday afternoon with Mrs. W. D. Sanders on West State street. The leader was Mrs. R. R. Stevenson. The topic "Japan" was presented by Mrs. Ensley Moore and Miss Hattie Phillips had the paper on "The Immigrants". The members joined in a discussion of the papers, followed by a social hour and the serving of refreshments.

Onion Sets, 4 quarts for 25 cents. Cannon Bros. W. State.

BIRTH RECORD.

Born to Mr. and Mrs. Horace A. Coleman of Palmyra, Feb. 17, a son, Frederick Walden.
Born to Mr. and Mrs. Amos McCurley of Woodson, Tuesday, a son, weighing 11 pounds. The young man's name is William David. Mrs. McCurley was formerly Miss Mollie Henry.

Fancy Peabody Coffee, 25c lb. Claus Tea Co. Try it.

WAS AGED VOTER.

"Grandma" Angel, was one of the women to cast a vote in the second ward Tuesday. She is eighty-eight years of age and made the trip to and from the poles in an automobile.

ADVANCE IN SCIENCE OF FARMING MAKES EXPERT SERVICE NECESSARY

Farm Advisers Work in Western Missouri Exemplifies Value of the County Agent to Rural Life—E. A. Ikenberry's Labors for Jackson County.

Great advance in the science of agriculture and the increase of farm knowledge on every hand is enlarging the subject beyond the extent of one man's comprehension. Special experts have long been recognized in every profession and trade and such service is being applied to questions of the farm to an ever increasing extent. The farm bureau movement is lent especial interest at this time by the activities of the Morgan County Farmers' club and the address of the DeKalb county adviser, Mr. Eckhardt, who speaks under auspices of the club at the Odd Fellow's hall this afternoon. In this connection the experience of Jackson county, Missouri, is worthy of note. Against considerable opposition a farm bureau was established there three years ago. E. A. Ikenberry, a graduate of the University of Missouri college of agriculture, was placed in charge and so valuable has the work become that a movement to do away with the bureau at this time would meet with no consideration.

"The farm adviser is not sent as a man who knows it all," said Mr. Ikenberry in regard to his work. "He comes as a representative of the state university and the United States department of agriculture to serve in getting the farmer the information he is in need of. He does not force his services upon any one, but comes at the farmer's own request." Mr. Ikenberry said that hardly a day passes but he is called upon for some question he can not answer. Problems new to his work in Jackson county he forwards to the state university or to the department at Washington.

In the Rural Schools.

From Independence Mr. Ikenberry frequently goes to all portions of Jackson county for his work in the rural schools. Last year he made talks on agriculture in each of the 194 schools of the county. Corn clubs have been formed among the boys and over 500 reports were turned in last season. The average yield for Jackson county was 35 bushels and the club members showed an average of 60 bushels.

Township fairs were held last year in seven townships and in each of these the rural school exhibits formed a principal part. Over 100 boys took courses in corn and stock judging. For the girls sewing clubs were formed, the product of which formed a leading feature of the township fair exhibits. Many extensions are possible for this club idea. Tomato clubs are among the activities planned for the country schools this season. Two thousand dollars was raised for the fairs, the greater part of which was used in prizes for the pupils.

The Question Contest.

Among the most successful ways of arousing interest among rural schools upon agricultural problems is the weekly question contest. With the co-operation of Frank W. Rucker, formerly of this city, Mr. Ikenberry conducts a contest in which practically all of the rural schools are taking part.

Through the columns of the Independence paper he submits two questions each week, one for the girls and one for the boys. The pupils are required to discuss these in essay of from 50 to 200 words. The teacher sends in the best essay in her school to the adviser. Mr. Ikenberry and Mr. Rucker pick from these the two best, for which space is given in the Examiner's columns. Typical questions are: "Tell how to care for a calf the first six months." "Discuss the matter with your father and write an essay on how to prepare ground for wheat." "Give what you think would be a good menu for Thanksgiving dinner, bearing in mind the cost of food and giving the recipe for your favorite dish." "What did you get out of the township fair and would you like to have another?"

Increasing Farm Profit.

It was found upon investigation that the soil of Jackson county was well fitted for alfalfa raising, where, upon the adviser took in hand the encouragement of this crop. Two thousand acres have been planted in alfalfa by farmers which had not before raised it. Mr. Ikenberry has been instrumental in increasing silo construction and thirty concrete silos were put up last season. For the housewife public demonstrations have been held in canning, and pruning demonstrations have been of considerable benefit to the farmers growing fruit.

The rural school talks were illustrated with lantern slides taken of these demonstrations and prepared from the adviser's daily work throughout the county. An important part of farm bureau work is the annual meeting held in March and addressed by authorities from the state university and other men of prominence.

Last year thirty-six boys and girls went to the state university at Columbia for "Farm Week." Thirty-two of these went on scholarships offered by the farm bureau of Jackson county. Prizes were offered by the university in bread baking, stock judging, corn judging and corn stringing, and in all of these with one exception the pupils under Mr. Ikenberry's training took first prizes besides a number of lesser prizes.

Answering of inquiries by letter is one of the chief functions of the county agent and Mr. Ikenberry devotes to this a considerable portion of his time. These letters bear upon all subjects, from the specific question with regard the content of a fertilizer or what spraying medium to use to the inquiry as to "how to make a certain piece of land pay." Some of these letters can be answered.

TURKISH ADVICES DENY CLAIMS OF ALLIES IN THE DARDANELLES

State That Results of Bombardment
of Forts Have Been Negligible—
Point out That Several Ships of
Allied Fleet Have Been Damaged.

Berlin, March 9.—By wireless to Sayville, N. Y.—Turkish advices published in the various Berlin newspapers unite in declaring that the results of the allied bombardment of the Turkish forts in the Dardanelles have been negligible at the same time it is pointed out that several ships of the allied fleet have been damaged. The British battleship Queen Elizabeth particularly is said to have been damaged and a French armored cruiser also is reported to have been forced to retire. Two mine sweepers the advices from Constantinople say have been sunk. Turkish troops are reported to have occupied several important strategic points near the Russian frontier in the Caucasus. A despatch from Rome to the Frankfurter Zeitung says that a steamer arriving at an Italian port reported having met 22 French transports near the island of Malta heading towards the Dardanelles.

The Eastern and Western war theatres appear to offer no news today worthy of comment.

The battles between the Russians and the Austrians in the Carpathians continue stubborn and sanguinary. The Russians, despite their reported continued defeats seem still able to constantly bring up reinforcements and thus maintain the offensive.

The political situation in Greece and Italy continues to be a topic much discussed in the Berlin newspapers and by the public.

EUROPEAN WAR NOTES

Petrograd, March 9.—Emperor Nicholas left Petrograd today for Helsingfors, Finland.

Berlin, March 9.—By wireless to Sayville, N. Y.—The Berlin newspapers report that negotiations between Austria-Hungary and Italy have been opened and there are good prospects of an agreement being arrived at between the two countries.

Cologne, via London, March 9.—(11 p. m.)—According to the Cologne Gazette, the governor general of Belgium, General Von Bissing, has caused the arrest of five Belgian officials on an allegation that they induced Belgian customs officers to go through Holland in order to enter the Belgian army. The men according to the newspaper will be placed on trial for treason. They include director general Ganszels of the ministry of finance, director of customs Nikodem and custom inspector Prejot of Liege.

Washington, March 9.—As proof that the commerce of Great Britain is not being interfered with by the German submarine blockade the British embassy today made public an admiralty report stating that during the week ending March 4th, 1,474 vessels passed to and from British ports and not one was lost.

The state department announced today that the German foreign office in order to remove any doubt as to the extent of the German war area declaration, had informed Ambassador Gerard at Berlin that the waters surrounding the Orkney and Shetland Islands belong to the area though navigation on both sides of the Faroe Islands is not endangered.

The Hague, via London, March 9.—(10:15 p. m.)—The German foreign office has sent through James W. Gerard, the American ambassador, to Germany, an expression of regret and an explanation to Henry Van Dyke, the American minister to Holland and Luxembourg, regarding the interruption of Dr. Van Dyke's correspondence with Luxembourg.

The trouble is attributed in the explanation to a misunderstanding on the part of the military commandant at Treves and it is stated that orders have been issued to prevent such an incident occurring again.

CONSERVATORY RECITAL.
The following program will be given by students of the Illinois College Conservatory of Music in Recital Hall on Thursday evening, March 8, at 8:00 o'clock:
Souvenir (piano) Karganoff
Improvisation Dutton
Mary Alexander.
Aria, Farewell ye Hills, from "Jean d'Arc" (voice) Tschalkowski
Ainslee Moore.
Sonata, No. 3 (violin) Haendel
Largo, Allegretto
Helen Sorrells.
Canzone (piano) Paderewski
Virginia Bullard.
O Mighty Sea (voice) Delibes
Mrs. Ethel M. Harber.
La Filleule (piano) Raff
Ruth Irving.
Best of All (voice) Moir
Mrs. Julian Hall.
Legende (violin) Bohm
Mabel Forrester.
Aria, Visi d'Arte, Prayer from "Tosca" Puccini
Esther Spooner's.

They asked for an accounting, said Mr. Gilmore, and after receiving it said the account was padded. Then the injunction suit was filed. The hearing will be resumed tomorrow.

CO-OPERATIVE CREAMERIES RESPONSIBLE FOR PROGRESS.
Mason City, Iowa, Mar. 9.—The co-operative creameries of the country are largely responsible for the progress of the present day in the marketing of dairy products, according to E. J. Holmers of Brahm, Minn., before the National Creamery Butter Makers' association here this afternoon. The butter maker has become a professional man and the science has improved to such an extent in the United States, he said, that this country is on a par with the best butter making countries of the world.

GARDNER WINS FROM HUSTON.
Philadelphia, March 9.—Edward W. Gardner of New York, the title holder today defeated Corwin Huston, Detroit, 400 to 216 in the fourteenth game of the Class A, amateur billiard tournament for the national championship. Average and high runs, Gardner, 14 3-28; Huston, 8,

METHODISTS CLOSE DISTRICT MEETING

EXCELLENT ADDRESSES HEARD
DURING THE DAY.

Symposium "What I Hope for in My Ministry" Feature of Forenoon's Session—Next Meeting to be in Virginia.

The district conference of the M. E. churches met Tuesday morning in Centenary church with a good attendance. Devotions were conducted by Rev. C. W. Casey and then followed various matters of business and the following committees were appointed:

Messrs. Myers, Pulliam and Meeker on resolutions; Messrs. McIntosh, Cusic, Kettle and Breckon on district organization; society survey of each charge to be brought up at the quarterly conference, McCarty, Lloyd, Smith and McIntosh.

Dr. J. B. Trimble, secretary of the commission on finance spoke on rural conditions, social, missionary and numbers.

Dr. Bovard, secretary of the M. E. brotherhood said it was a good idea to consider the books read the past year. The best one he had found was Peabody, "Christian life in the modern world." He paid a high compliment to the people of Jacksonville and told how much he had enjoyed his stay in the city and the meetings. Another fine book was Carmody, "Prayer and the Human Problem."

Bishop McDowell and Dr. Bovard had to leave early so the former was asked to speak. He had found it hard to get people to take his good advice. There were several kinds of presiding elders, a term he sensibly preferred to superintendent. He urged the ministers to be constant students, to read good books and said it would be a good idea if every preacher had to take every new course laid down by the general conference. He called attention to the books mentioned in the discipline. He again urged attention to the four things he mentioned the evening before and emphasized the importance of doing them. His words were heard with deep attention and he and Dr. Bovard said goodbye and left for Barry to attend the conference of the Quincy district.

J. W. Breckon of Palmyra, president of the laymen's organization of the conference, made an earnest and telling speech about his organization. The effort is to get all men interested in the great work of the church. There is a desire to have a key man in each charge and thus to enlist all in the great work of carrying forward the spread of the Gospel. He explained in considerable detail the work and his remarks made a deep impression.

Then came the presentation of Dr. Calkins to the body and after that a symposium on "What I hope for in my ministry." This brought a series of excellent addresses and papers and it is with regret that the Journal is able to devote only small space to them.

Milton Beebe, of Bluffs, "As a Preacher." A man must have consecration, awake to the problems of the day; have a message and be in earnest; have a passion for souls and be filled with the Spirit.

"As a pastor," Rev. E. S. Verbeek. Win the confidence and good will of the people, be sincere and mean business, be in earnest, get in close touch with the people, see from their standpoint, seek the unsaved in their homes, get visions of God.

"As an administrator," Rev. W. H. McGhee.—Be a preacher and be a pastor and in all things something of a business man. Be ready to lead, to help in all activities, lead without being a boss, have a finger on every department of the church, Sunday school league, missionary societies and all else. See to the benevolences and larger affairs as well as the smaller. Be in sympathy with all denominations. In White Hall we have a good chance for there is a pastor of a Presbyterian church and he was till recently a member of this body.

President McCarty, at this point, took pains to say that the brethren should be careful to have complete, careful and accurate records kept. Some pastors had put into their records things that were very unkind and sometimes harmful if known. Some are dilatory and few churches have any records back of fifteen years.

"As an evangelist," Rev. N. R. Johnson.—I want to be a good preacher, better each year than the year before; interesting, instructive, convincing. I want to attract men to Christ, using such methods that they will all be won to Him. I want to be all things to all men that I may win some.

"As a man among men," Rev. J. E. Artz.—This is essentially a man's job. The easy going man should not be a preacher. He should be virile, energetic, industrious, judicious, tactful, able to mingle with all classes, feel as they feel, be in touch and sympathy with them, enter into their feelings, have a suitable part in public affairs, able to greet men on their own level. The world wants a manly religion; be in sympathy with all men and be a man among men.

Rev. J. C. Nate, then spoke on the forward movement.

Afternoon Sessions.

Rev. C. S. McCollum led the devotions.

Mr. Lloyd offered a proposition for a survey of the district during the coming 12 weeks. Then came a symposium on the best books ever read. Dr. J. C. Baker explained the situation of the Patten case and offered resolutions which were adopted. Dr. Trimble conducted a round table on the new financial plan. The committee on reorganization instructed the district superintendent to take up the matter of the district conference with each quarterly conference.

WOMEN CAN HARDLY BELIEVE

How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo.—"I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

IT RUINS HAIR TO WASH IT WITH SOAP

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulished coconut oil (which is pure and greaseless), is cheaper and better than soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulished coconut oil at any pharmacy, and a few ounces will supply every member of the family for months.

PROSECUTION FINISHES OPENING STATEMENT IN ELECTION CASE

Objection to Part of Speech of District Attorney is Overruled by Judge Anderson.

Indianapolis, March 9.—Just as U. S. District Attorney Frank Bailey was closing the opening statement for the government today in the trial of Mayor Don M. Roberts and 27 others charged with election corruption, former congressman A. O. Stanley, chief counsel for the defense, objected to that part of Mr. Bailey's speech dealing with events subsequent to the beginning of the election investigation by the federal grand jury. The objection was overruled by Judge A. B. Anderson and Mr. Stanley noted an exception.

Court was adjourned until tomorrow when the district attorney had concluded his speech.

SUBPOENAED TO APPEAR BEFORE HONOLULU JURY

Chicago, March 9.—Two subpoenas were served by the United States marshal's office today which will involve an expense of at least \$1,000 to the government and many miles of travel to those served. The subpoenas ordered King and S. Rubenstein, brothers, to appear before a federal grand jury in Honolulu as witnesses against Minister Rubenstein charged with bigamy.

TO ISSUE POTATO TICKETS.

Berlin, via London, Mar. 10.—(12:15 a. m.)—The suburban town of Wilmersdorf has voted to issue potato tickets, similar to the bread tickets recently introduced in all cities of Germany. Wilmersdorf, which is the first town to adopt this method for conserving the potato supply, will allow 22 pounds per capita weekly.

Mrs. Clyde Todd of Beardstown was one of the city shoppers yesterday.

THE MODERN MAID

I met a little maid whose glance, so winsome, made me glad; her lid, she said, was brought from France, her furs from Petrograd. "Will marry me?" I asked; "sweet maid, you suit me to a T." Then all her molars she displayed; her laugh was large and free. "This marriage bunk", the maid replied, "gives me an oblong pain; what profits it to be a bride? What does a damsel gain? The housewife is a total loss, a drudge unpaid and meek; but my employers come across with fifteen bones each week. The wife must beg her tightwain man for every dime he sheds; a girl becomes an also ran the minute that she weds. Oh, cheerfully my way I jog, I find this old world nice; I'm independent as a hog that has been placed on ice. And if I wedded you, I fear, the change would make me ill; I'd have to work you for a year to get a dollar bill. My bank account is on the boom, I smile and dance and sing; oh, not for me the orange bloom, white gloves or wedding ring." So she went giggling on her way, and would not be a frau; I wonder if she'll be as gay some twenty years from now?

CIVIL SERVICE COMMISSION WILL HOLD EXAMINATIONS

Announcement Made of Date When Persons Seeking Positions May Apply.

Examination will be held April 3, 1915 by the State Civil Service Commission except as specially indicated below in Anna, Carbondale, Chicago, Danville, East St. Louis, Elgin, Jacksonville, Kankakee, Lincoln, Macomb, Mt. Vernon, Peoria, Pontiac, Rockford, Springfield, Urbana and Watertown for the following positions:

Chief Industrial Examiner—Salary \$125 to \$175 a month. Open to men over 25. (One position to be filled.) Scope and weights: Training and experience; 4; knowledge of Workingmen's Compensation Act, passing on petitions, and methods of preparing for and conducting arbitration hearings; 6; candidates must make 70 or more on knowledge of the law.

Director of Music—(Illinois School for the Blind)—Salary \$100 to \$150 a month and maintenance. Open to men and women over 25. (One position at School for the Blind, Jacksonville, to be filled.) Scope and weights: Training and experience; 4; knowledge of modern methods of teaching music to the blind and the supervision of teachers of classes in voice, piano, organ, violin, and other lines; 6.

Food Bacteriologist—Salary \$150 to \$175 per month—Open to men and women over 25. Open to non-residents of Illinois. (One position in Chicago office of Food Commission to be filled.) Scope and weights: Training and experience; 4; theoretical and applied bacteriology; 6.

Utilities Statistician, Rank 1—Salary \$100 to \$150 a month. Open to men over 21. (Several positions in Utilities Commission to be filled.) Scope and weights: Training and experience; 4; duties, including classification and compilation of statistics pertaining to the financial, operating, and working conditions of public utilities; 6. Candidates must make 70 or more on duties paper.

Service Inspector—Salary \$90 to \$125 a month. Open to men over 21. (Four positions in Utilities Commission to be filled.) Scope and weights: Training and experience; 4; methods of testing gas and electric meters; 3; inspection of gas and electric meters; 3; inspection of gas and electric properties to determine whether prescribed standards are observed; 3. Candidates must make 70 or more on inspection of gas and electric properties.

Case Man—Salary \$125 to \$150 a month. Open to men over 25. Open to non-residents of Illinois. (Several positions in Utilities Commission to be filled.) Scope and weights: Training and experience; 4; duties, including correlation of valuation and accounting reports for computing of utility rates; 6. Candidates must make 70 or more on duties paper.

Library Assistant—Salary \$50 to \$100 a month. Open to men and women over 20. Open to non-residents of Illinois. (Vacancies now existing.) Scope and weights: Training and experience; 3; questions on general practice; 7. Candidates must make 70 or more on general library practice.

Teacher of the Deaf—Salary \$60 to \$125 a month with maintenance. Open to men and women over 21. Open to non-residents of Illinois. (Vacancies now existing at School for the Deaf, Jacksonville.) This examination is unannounced; questions to determine the training and experience of candidates will be mailed to them at their homes.

Institution Clerk—Salary \$40 to \$60 a month, with maintenance. Open to men and women over 21. Scope and weights: Training and experience; 3; knowledge of ordinary statistical work, filing, keeping records, and handling minor correspondence; 7. Candidates must make 70 or more on the second portion of the examination as above stated.

Shoemaker—Salary \$50 to \$75 a month and maintenance, with a maximum of \$100 where no maintenance is allowed. Open to men over 25. (Vacancies now existing.) This examination is unannounced; questions to determine experience in making and repairing shoes and instructing others in such work will be mailed directly to candidates. Physical examination required.

Barnman—Salary \$60 to \$100 a month and maintenance. Open to men over 21. (Vacancies now existing.) This examination is unannounced; questions to determine experience in caring for live stock and barn equipment will be mailed directly to candidates. Persons passing the examination may be appointed only in the district in which they reside. Physical examination required.

Examinations for Attendant, Domestic, and Laborer are held every Saturday at 9:00 a. m., at the State Charitable Institutions.

Address requests for application blanks to the State Civil Service Commission, Springfield, Illinois.

OFFICERS ELECTED BY WOMAN'S COUNTRY CLUB.

Officers were elected and an interesting program enjoyed by the Woman's Country club in session Tuesday at the home of Mrs. Frank E. Drury, near Orleans. "Our Native Birds" was the theme of an able paper by the leader, Mrs. Margaret Colwell. Poems which bore on the topic from the pen of Mrs. Belle Paxton Drury and Mrs. Edith Drury Lovington of New York, were read by the leader. The meeting was among the best attended of recent gathering and the social hour which followed the program brought to a pleasing close a very profitable afternoon. The officers elected are:

President—Mrs. J. W. Williams.
Vice president—Mrs. William Cleary.
Secretary—Miss Blanche Cunningham.

WHAT OUR COUNTRY NEEDS

What we need first is good fellowship and in order to have this all classes of people must do their best to do their part in creating this fellowship. First, as I am a farmer, I will speak of the land owner's duty, as he is the foundation that every other enterprise is based on.

We must have better farming, better land builders, and less land robbers, and in order to do this, our farms should be cut up into at least 220 acres to the farm, and later on 160 acres will be better, as our population increases.

On each farm there should be sufficient barns built with cement floors to house all the stock necessary to eat what grain that is raised on the farm; then this stock should be bedded heavily with the fodder and straw that is now going to waste, and harboring all classes of insects, such as cinch bugs and other dangerous worms, that later on will injure our grain.

The land owner should provide these barns, and sufficient stock such as cows and a good bull, that should belong to this farm, and it would not be a bad idea to add a few good sows to the list; then make our contracts read that all grain and fodder and straw shall be used in feeding and caring for the stock, and all manure scattered on the poorest land as it accumulates, with a spreader, also furnished by the owner, so the manure can be spread thin or heavy on our wheat and other growing crops, and once a month these barns should be scrubbed out, and the water the floors are scrubbed with added to the manure and spread on our wheat, oats, etc.

By having cement floors the stock will soon have all fodder tramped to shreds. If your land is getting poor by not feeding enough stock, add mineral fertilizer with the manure.

When the stock is sold divide all profits equally with the man that did the work, and then he will be more interested in your farm, and not try to rob it so closely as they now do. If more grain is raised now, do it, go to the market and buy poor stock that is now being killed one half fat, and use it on your farm for a few months to help make it richer, and eat up your crop.

This calls for another good man to show his interest, and buy you what you need, as that is his business, and if he don't understand it, find one that does, and you can depend on to supply you with a good class of stockers. Put a premium on honesty, and a curse on dishonesty; you will soon find the right man.

We have plenty of good corn raisers in this country that would make as good stock men as the world ever saw, if they were properly encouraged. So way not adopt this plan and work together and see how rich we can make our farms, in place of how many bushels of corn we can sell off the farm, thereby robbing our land.

I think if all classes of business would make its laborers its partner as near as possible, in place of each one doing their best to beat the other, our country would soon become richer and a better fellowship would then exist. While today I see the gap between owner and laborer getting wider in place of working for each other's interest, and a house divided against itself will soon fall, so let us all do our best to make this country what it should be, and when we leave it, we will be missed.

I heard a man lecturing the other day, who said the actual value of everything that passed through a cow in one year was worth \$40, as a fertilizer, in one year, so think of it if that is true, what our farmers lose feeding on hillside and not saving it.

I see another report from New York saying it is worth \$36 a year, so it must be worth more than most of us think. If you can put the above figures in what I wrote as the statement from our own state, and New York state but not as my statement, because I don't know just what it is worth, but I do know what it takes to feed an animal to make the best gain. If you feed dry corn it takes 28 pounds of shelled corn to produce 3 pounds gain; it takes 14 pounds of dry corn and 20 pounds of silage to make 3 pounds gain; it takes 17 pounds of cob and corn cooked in my cooker to make 3 pounds gain, or 1-4 bushel corn will produce a gain on each steer with the same roughness, the same gain that 1-2 bushel will produce fed dry, but if silage is fed, there is some grain in the silage, and it takes less grain.

I am going to feed some cattle in the National Stock yards in St. Louis 90 days to prove my claims. The test will begin the middle of next week, I will feed some on the dry corn, and the rest on my soft-soaked corn cob meal mush, to show that 1-4 bushel of corn made into mush will put on the same gain 1-2 bushel will feed dry, and I will feed as many hogs on the syrup I draw off the corn, so tell your readers about it, and come down while I am feeding and see me, and all others that are interested and want to know just how it is done, tell them to come, but if they still want to throw 1-2 their grain away they have the privilege, but for goodness sake tell them to save the manure, at least, and not let it soak in some old hill and wash away down to the Gulf of Mexico, as so many now do.

Yours, Respectfully,
Charles Wood.

THE BIRTH RECORD.

Born Tuesday, to Mr. and Mrs. James O'Dell of Chicago, a daughter, Mrs. O'Dell was formerly Miss Florence Smith of this city, daughter of Mr. and Mrs. J. A. Smith, 762 Freedman street.

MRS. ANNIE RODRIGUES GOVEIA DIES SUDDENLY TUESDAY

Was Eighty-Three Years of Age and Born on the Island of Madeira—Funeral Thursday Afternoon.

Mrs. Annie Rodrigues Goveia died Tuesday morning at 11:45 o'clock at her home, 1015 North Diamond street, from the effects of the infirmities of advanced age. She was born on the Island of Madeira, March 12, 1831, and at the time of her death lacked but three days of attaining to the advanced age of 83 years. She came to this city from the island of her birth ten years ago and has made her home here since that time.

Before coming to America she was united in marriage to Antonio Goveia, and to this union were born the following children, Manuel G. Goveia, who resides in Madeira, and Joseph, Gus and Mrs. Antonio Goveia, who are residents of this city, all of whom survive her, as does also one brother, Louis Rodrigues of Madeira. Her husband preceded his wife in death many years since. Of late she has made her home with her daughter, at whose home she died. Mrs. Goveia has been in failing health for several years, and Monday evening at about 7 o'clock, she began to grow worse and though all was done for her relief (that was possible, she continued to fail and at noon Tuesday a call was sent for Dr. C. O. Webster, who made immediate response to the call and upon arrival he discovered that death has intervened.

Coroner Holds Inquest.
Dr. Webster notified Coroner Wright, who empaneled a jury and they met at the undertaking parlors of J. G. Reynolds, where an inquest was held shortly after noon.

The jury was composed of R. R. Stevenson, foreman, G. W. Samples, Jos. G. Garden, Jos. R. Smith, Thomas J. Reed and J. W. Woods, clerk.

After hearing the testimony of the daughter and son-in-law with whom the deceased lived, and of Dr. Webster, the jury rendered a verdict that death was due to a probable affection of the heart superinduced by the infirmities due to advanced age.

Funeral services will be held at 2:30 o'clock Thursday afternoon, from the family home, 1015 North Diamond street, and interment will be made in Jacksonville cemetery.

COUNTY ADVISORS IN THE STATE OF ILLINOIS.

Of the seventeen advisors now serving in Illinois eleven are graduates of the University of Illinois, two of the University of Wisconsin, two of the University of Missouri, one of the State University of Iowa, and one of Indiana University: Adams, E. CATARRH GERMS EASILY KILLED.

Only Way to Cure This Disease is to Destroy Its Cause.

By a Specialist.
If you have catarrh and want to get rid of it you must kill the germs which cause catarrh. Stomach dosing, ointments, sprays, creams, douches, etc., fail because they overlook this fact. They all help by giving temporary relief but they do not reach the germ life that has found lodgment in your head, nose, throat, and could not destroy it if they did.

The best known way of destroying the dangerous germs of catarrh, and consequently ending the disease itself, is to breathe into the air passages of your nose and throat the pleasant, penetrating air of Hyomei (pronounced High-o-mei). Hyomei is made from purest oil of Eucalyptus combined with other powerful, healing, antiseptic and germicidal ingredients. You breathe it through a little pocket inhaler which Coover & Sireve and other leading druggists in Jacksonville and vicinity are furnishing with every complete treatment sold. Every time you inhale the sweet, fragrant air of Hyomei through this little device you are drawing into your swollen, inflamed, germ-laden membranes a medicated air which will not only reduce all the swelling and inflammation and open your clogged nose and stop up air passages, but will absolutely and positively destroy every trace of Catarrh germ life it reaches. Druggists are so sure of the blessed, lasting relief that Hyomei brings to catarrh sufferers that they sell it invariably on the positive guarantee that money paid will be refunded if successful results are not secured from its use. Get a Hyomei outfit from your druggist today and begin at once to drive this dangerous and disgusting disease from your system forever.—Adv.

BERLIN CORRESPONDENCE. (By the Associated Press)

Berlin, (March 8.)—A movement, supported by many women of high position, to utilize all available garden plots and vacant land in Greater Berlin as truck farms for the immediate raising of vegetables has been set on foot. It is the consensus of opinion that the present war required some such step.

To accomplish this purpose it is proposed to enlist the aid of all available truck farmers and agricultural experts, and to get them to give instruction in vegetable raising of vegetables and so far as possible assist in the actual work. It is expected that it will not be difficult to interest women in large numbers to carry on the work of feeding the people.

Women willing to assist, it is proposed, will first take a short free course at the royal gardening institute. The installation and preparation of courses is in the hands of the "War Committee on Vegetable Raising." Interested in the movement are such women as the wife of the minister of war, Frau Will von Hohenborn; the Countess of Brodtkorf, the Emperor's chief lady in waiting; Fraulein von Gersdorff, and the wife of the late Minister of State, Frau von Boettlicher.

Berlin, March 9.—Budapest newspapers received here contain an interview with Baron von Skoda, the constructor of the Austrian twelve-inch automobile gun, on the report that the French intended to construct a mortar along similar lines. Baron von Skoda says it would take from twelve to fifteen months to make even a few of these guns successfully under the most favorable conditions.

Although the Austrian gun was originally intended only for siege purposes it had proved of even greater value for use in entrenched positions, it having been found possible to transport it over the ordinary highways.

Baron von Skoda told how narrowly he escaped letting the English into the secrets of his motor. He said that several years ago the firm of Vickers was negotiating for the establishment of a common factory in Hungary in conjunction with his works. Suspicion arose that the object of the English side was to get an opening through which to learn the Austro-Hungarian and German artillery development, and for this reason the plan was dropped by Hungary.

London, March 9.—The grave-diggers employed by the borough of Islington, in the north of London, have presented demands for increased wages, owing to the higher cost of living.

"Because of the rise in prices," says their petition to the borough Council, "we find it difficult to maintain our families properly. Our work

moreover, should be well paid, for it arduous and necessitates exposure in all kinds of weather, and is extremely dangerous at night."

London, March 9.—There are 450,000 men of Irish birth or descent in Great Britain who are of military age and 125,000 of them have already joined the army, according to figures prepared by the secretary of the Irish National League. This proportion, he asserts, is much larger than can be shown by any other nationality.

CARD OF THANKS.

We wish to express our sincere thanks to the many friends and neighbors for their assistance and sympathy during the death of our loved one, Agnes Wakley Myers.

H. B. Myers.
R. M. Wakley and family.

EIGHT STUDENTS ENTER IN WHIPPLE CONTEST.

Eight students have entered in the Whipple contest in declamation, which this year will be held Tuesday, March 30, in Jones Memorial building. Two contests, one in oratory and one in declamation, have been held heretofore, but both have been combined this year and the contest opened to boys and girls students alike. The students are training for the event under the supervision of Miss Millicent Rowe. Those who have entered are Earl Sooy, Malcolm Wisheart, Oscar Tiebaud, Owen Jones and Misses Edna Ketter, Trula Denison, Blanche Bray and Helen Green.

MURDERER'S VICTIM IS KNOWN IN CITY.

Alten M. Walker, of Louisiana, Mo., who last week was shot, it is said by F. D. Wilkins of the same city, for a number of years was concerned in real estate transactions in Jacksonville and has considerable acquaintance here. It was thought at first that the shooting was purely accidental but probable motives have been found and according to the St. Louis Republic, "not one man in ten in Louisiana believes that the killing was due to accident." Mr. Walker died Thursday last and was buried in Louisiana.

"American Fence" costs more, weighs more, WORTH more. Gay's Reliable Hardware.

SUFFRAGE MEETING ADJOURNS

Indianapolis, Ind., Mar. 9.—The annual meeting of the Mississippi Valley Suffrage conference adjourned tonight after a three day session. A peace meeting was the feature of today's program. Invitations for next year's meeting have been extended by Minneapolis, Dayton and Columbus. The program committee will meet at some future date and accept one of these invitations.

Meeting Them Face to Face

Bernard Cole.

We introduce today Mr. Bernard Cole, cashier of the Jacksonville Railway & Light Company.

You've talked to Mr. Cole over the phone a lot of times no doubt. He's been with us six years and he doubt he has met most of you during that time. To those who have not met him we take pleasure in producing his picture in this issue and announcing that he would like to have you step right up to the window in our office and say to him: "I saw your picture in the paper." Do it just like that! He won't be a bit mad. In fact, it will please him greatly.

Mr. Cole handles the money of this company in the capacity of cashier and has a large amount of experience in work of this kind. We secured him from the Illinois Traction System where he was employed as agent at Hillsboro, Ill.

This is introduction No. 12 in the "Meeting Them Face to Face" series. Look for the next one and become better acquainted with "YOUR" Utilities Company.

"Your" Utilities Company,
Jacksonville Railway and Light Company

GIRLS! STOP WASHING THE HAIR WITH SOAP

Soap Dries Your Scalp, Causing Dandruff, Then Hair Falls Out.

After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dryness. Better still, use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dust, dirt and excessive oil. In a few moments you will be amazed, your hair will not only be clean, but it will be wavy, fluffy and abundant, and possess an incomparable softness and lustre.

Besides cleansing and beautifying the hair, one application of Danderine dissolves every particle of dandruff; stimulates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.

Men! Ladies! You can surely have lots of charming hair. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it.—Adv.

Boy or Girl? Great Question!

This brings to many minds an "I" tried family remedy—an external application known as "Mother's Friend." During the period of expectancy it is applied to the abdominal muscles and is designed to soothe the intricate network of nerves involved. In this manner it has such a splendid influence as to justify its use in all cases of coming motherhood. It has been generally recommended for years and years and those who have used it speak in highest praise of the immense relief it affords. Particularly do these knowing mothers speak of the absence of morning sickness, absence of strain on the ligaments and freedom from those many other distresses which are usually looked forward to with so much concern.

There is no question but what "Mother's Friend" has a marked tendency to relieve the mind and this of itself in addition to the physical relief has given it a very wide popularity among women. It is absolutely safe to use, renders the skin pliable, is penetrating in its nature and is composed of those embrocations best suited to thoroughly lubricate the nerves, muscles, tendons and ligaments involved.

You can obtain "Mother's Friend" at almost any drug store. The regular price is \$1.00 a bottle. It is prepared only by Bradford Regulator Co., 501 Lamar Bldg., Atlanta, Ga. Avoid the many worthless substitutes. It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

I've always had my transferring done here. Their service is of the highest quality, and I've saved lots of money here.

A Draft—You Catch Cold—Then Follows Coughs, Cold Stiff Neck Neuralgia

Especially in the piercing pain of neuralgia or the dull throb of headache is Sloan's Liniment wonderfully relieving. Laid lightly on the part where the pain is felt, it gives at once a feeling of comfort and ease that is most welcome to the overwrought sufferer.

Hear What Others Say:

"There are no Liniments that equal Sloan's. My husband has neuralgia very often, he rubs Sloan's on his face and that is the last of it."—Mrs. V. J. Brown, Route 1, Box 121, Hills, Tenn.

"I have used Sloan's Liniment for family use for years and would not be without it. We have raised a family of ten children and have used it for croup and all lung trouble; also, as an antiseptic for wounds, of which children have a great many, it can't be beat. My wife sprained her ankle last summer and it was in bad shape. Sloan's Liniment applied enabled her to be as good as ever in a week. I have used it several times for sprains and rheumatism."—John Newcomb, R. R. No. 2, Keokuk, Iowa.

SLOAN'S LINIMENT

It works like magic, relieving Lumbago, Rheumatism, Sprains and Bruises. No rubbing—just lay it on. Price 25c. All dealers. Send four cents in stamps for TRIAL BOTTLE. Sent to any address in the U.S.

SAFE DEPOSIT BOXES

\$3.00 PER YEAR

Less than One Cent a Day.

There are hundreds of people in this vicinity who have become accustomed to using a tin box in which to keep their valuables, who by using one of our SAFE DEPOSIT BOXES will find they are safer, strictly private and more satisfactory in every way. It requires two keys to unlock the box. The customer has one and the bank the other, which is the master key. If you should lose your key, and some one else should find it, it would do them no good, because it would require the master key, which we hold before the box could be opened.

There is no better or stronger vault in the United States, and the rate we pay on burglary insurance, which we carry, is the lowest in the country.

Come in and let our vault clerk, Mr. Ewen I. Whitlock, explain.

MATRIMONIAL

Holder-Still.

The Daily Times-Echo of Eureka Springs, Arkansas, of March 4th, contains the following regarding a former resident of this city and also of Murrayville where she conducted the hotel once located in that place.

"The long expected happened last night, when after prayer meeting at the Penn Memorial Church, Rev. Mr. Lawrence pronounced the words that made two hearts to beat as one—Mr. J. W. Holder of Eureka Springs, and Mrs. Annie Still, of Jacksonville, Ill.

"Though raining hard, many friends gathered at the church to witness the ceremony and congratulate the happy couple.

"The bride wore a beautiful embroidered dress, with trimmings of blue, and the groom, the usual black broadcloth.

"Among those present were many Illinoisans who were present to do honor to one of their native stars. Mrs. Holder has been a frequent visitor to Eureka Springs and made many friends. Mr. Holder should feel honored, for out of her numerous admirers, she preferred him above all others.

"Mr. Holder is one of Eureka Springs' dry goods merchants and is too well known for us to try to introduce him. He was one of Eureka Springs' first aldermen, filling that office in 1880. He is always ready to speak a good word for his home town.

"Mr. and Mrs. Holder have the best wishes of friends for their future happiness and prosperity. They have taken rooms at the Phoenix cottage.

"The newly-weds, Mr. and Mrs. J. W. Holder, were entertained at 6 o'clock dinner at the Landaker last evening. The guests, as well as the friends, invited, certainly enjoyed the excellent dinner. The cake baked by Mrs. Calkins' cook surely proves her efficiency in this line, and mention must be made of the clerics brought from the bride's home State, Illinois, by Miss Mary McLean who assisted Mrs. Calkins in planning the dinner, for her friend, from the above State. After dinner many good stories were exchanged, and the general repartee caused much merriment.

"A splendid musical program followed. Wilson Riley, the young musical prodigy, delighting the guests with a goodly number of piano solos. Miss Mary McLean played beautifully a number of pieces, so full of melody that touched the heart of all.

"The song and whistling solos by Mrs. Alta Glenn, was a treat to all. At a late hour the company dispersed, all leaving the best wishes possible for the happy couple—for the bride, to know her is to love her, and we give her a hearty welcome to our little city, trusting she will enjoy us as much as we do her. For the groom, who for so many years has made his home at the Landaker, he will be greatly missed, but who could deprive him of the glorious future that is so surely his. So with our heartiest wishes and God's blessing, we leave them to fulfill our great expectations."

WITH THE SICK.

Mrs. Ed J. Merriman of Pine street is able to sit up after three weeks' illness, from rheumatism.

Mrs. Eric Lamb, residing on rural route 3, who had an arm broken about a month ago, has had an X-ray view of the fracture made, and it was discovered that the setting was not proper, and it has been done over, and is apparently knitting all right now.

The 12 year old son of Mrs. J. T. Means residing near Sinclair while in the loft of the barn had the misfortune to fall to the lower floor, fracturing the bones in his wrists. The lad was brought to the office of Dr. A. J. Ogram where needed attention was given.

Ira Mapes who has been quite ill at his home on West Walnut street for the past four weeks, is ending a few days at the home of his sister, Miss Ellen Mapes on South Church street.

Mr. Beechelder residing in the vicinity of Arcadia is reported as recovering after a siege of several weeks with rheumatism.

Mrs. M. E. Cully of South East street is reported ill with the grippe.

Miss Dollie Roberts of North Main street is taking treatment at Our Savior's hospital.

Herbert Barker, who last Saturday was taken from his home near Woodson to Our Savior's hospital, is improving.

William A. Masters, county assessor and treasurer, who has been seriously ill for a number of days at Oak Lawn Sanatorium, was reported yesterday as somewhat improved.

W. A. Fay, who was operated on two weeks ago at Passavant hospital, has improved so steadily that it was possible to move him yesterday to his home, 1243 West State street.

TREE TANGLEFOOT.

A perfect safeguard for trees against moths, caterpillars and worms. Applied by any one. Hall Bros. South Main Street.

MISS LOUISE D. MILLER WINS IN MUSICAL CONTEST AT PEORIA

Will Enter District Contest, Looking Forward to Final Event to Be Held at Biennial Convention of National Federation of Musical Clubs in Los Angeles.

As the result of a preliminary musical contest held in Peoria Tuesday afternoon, to choose representatives for the State of Illinois in the district contest which will determine the musicians to compete in the National contest on the occasion of the biennial convention of the National Federation of Musical Clubs of the United States, to be held in Los Angeles, Miss Louise D. Miller, a member of the musical faculty of the Illinois Woman's college won first place along with Mr. Grey of Chicago.

The contest was for voice, piano and violin. The singers were obliged to give five selections and at the Peoria meeting there were six competitors in voice, six women and one man. Previous to the Peoria meeting the musicians of Chicago had held a contest to choose a representative for the Peoria contest. All the musicians were required to be under thirty years of age and American trained.

There will be three district contests held in the United States and Miss Miller will compete in the one to be held in Chicago in April. From these three district contests will be chosen nine representatives, who will compete for honors in the big national musical event to be held in Los Angeles, some time in June or July.

The honors which have come to Miss Miller attest her ability in the musical world. She is a graduate of voice at the Woman's College, under Mrs. Florence Pierro Hartmann, and later she studied under Mr. Frederick Root of Chicago, coming back to Jacksonville last fall to accept a position as teacher in the college of music. Her many friends will be especially pleased to learn of the signal success which has come to her.

MISS DRESSER AND MR. HURST ARE MARRIED TUESDAY EVENING

Ceremony is Said by the Rev. Myron L. Pontius and Witnessed by Many Friends of Bride and Groom—Will Reside in City.

The marriage of Miss Florence Fern Dresser and Mr. Otto D. Hurst took place Tuesday evening at 7:30 o'clock at the residence of the bride, 1003 South Clay avenue. The ceremony was said by the Rev. Myron L. Pontius, pastor of Central Christian church, and was witnessed by seventy-five friends and relatives of the bride and groom.

The young people were attended by Miss Nina Tendick and by Robert Conlee of Roodhouse, with Master George Metcalf acting as ring bearer. Miss Mary Clampt played the wedding march from Mendelssohn as the party entered and took their places in the north room before a bank of flowers and ferns. Miss Dresser carried a bouquet of bridal roses and wore white chiffon over white satin. The bridesmaid was clothed in pink satin, with chiffon of the same color, and bore a white rose bouquet. Pink and white were the colors used in the house decoration, with ferns and carnations in ample profusion. Many beautiful gifts were received by the bride and groom, evidencing the respect and esteem of friends in large number.

A two-course luncheon was served after the ceremony. Later in the evening the young people left on a wedding trip of several days, at the close of which they will return to make their home with the bride's mother on South Clay avenue. Mrs. Hurst will then resume her duties in the Franklin school, teaching the fifth grade until the close of the present term.

Mr. Hurst, who has resided in Jacksonville for several years past, is the son of Mr. and Mrs. John M. Hurst, 218 South Church street, and is by occupation a baker in the employ of G. A. Muehlbauer. He is a young man of enterprise and ability and has the respect of all his friends and associates. He was reared in Murrayville and received his education in the schools of that place.

The bride is the daughter of Mrs. Anna Dresser and has spent her life here. In 1906 she was graduated from the Jacksonville high school and she has since attended the Central Illinois Normal school at Normal. As a teacher she has shown herself able and efficient. Her service has been faithful and this faithfulness has been tempered with such cheerfulness that she is beloved alike by pupils, parents, and fellow teachers. Her friends are many and their best wishes will be manifold.

NEW TAILORING ESTABLISHMENT

I have opened a new tailoring establishment at 239 North Main street and hope to meet my old friends and many new ones. The line of suitings I am now offering is exceptionally fine and every garment which comes from this establishment will have my guarantee as to style, fit and workmanship. Inspection invited. Alfred Larson.

Lamberville Rubber Boots, \$4.00 at Hoppers'.

WORDS OF APPRECIATION.

To the many loyal friends who gave me their support at the polls Tuesday I want to express this word of appreciation. The favors shown will not be forgotten and if I am one of the four candidates for commissioner elected April 20th, I will devote myself without reserve to the interest of the city in an effort to give evidence that your support and confidence have not been misplaced. J. Edgar Martin.

Early Ohio Seed Potatoes, 90 cents a bu. Today only. Cannon Bros., W. State.

OPERATION FOR GALL STONES.

Word to his sons regarding, W. S. Cannon, states that he underwent an operation Tuesday afternoon for gall stones in the hospital of the Drs. Mayo at Rochester, Minn., and that he is recuperating in good fashion.

Grape fruit, 50 and 75 cents per dozen, Cannon Bros.

Mr. and Mrs. Robin Etter of Waverly was among the business visitors in the city Tuesday.

Miss Sophie Watson was among the visitors in the city Tuesday.

Take a good look at this picture now. It will not appear again—except possibly in my canvass for governor.

To Mr. Rodgers and Mr. Davis: Congratulations. I wish you both joy and happiness.

To my friends: I thank you for your loyal support and the interest taken in my campaign.

Respectfully,
U. G. WOODMAN

LICENSED TO MARRY.

Otto D. Hurst, Jacksonville; Florence F. Dresser, Jacksonville.

SUCCESSFUL MEETING HELD AT GRACE CHURCH LAST NIGHT

Israel in Their Bondage, Basis of Strong Sermon by Rev. P. R. Powers—Today's Services.

Tuesday night a good crowd attended the revival at Grace church. Two came forward and professed conversion and three united with the church. Several of the pastors who were here for the district ministerial convention were present and assisted in the meeting. Rev. P. R. Powers preached a splendid sermon. He treated the story of Israel in their bondage and deliverance as an illustration of the spiritual bondage and deliverance of the soul of man from sin.

The history of the children of Israel is a wonderful history in itself, but as an illustration of the moral history of man it is still more wonderful. Mr. Powers has a remarkable gift of illustration and in all of his sermons the truths he would fasten upon the hearts and consciences are made very plain. There was a fine spirit in the meeting. It seemed easier to get results. The meetings have reached the stage where good results are obtained at every service. The singing of the chorus was an inspiring feature of the service.

Wednesday at 6:15 the officers and teachers will take luncheon together and plan for Sunday school night at Friday night's service. There will be a prayer meeting at 3:00 o'clock Wednesday for all Christian workers and persons interested.

Fancy Peaberry Coffee, 25c lb. Claus Tea Co. Try it.

CARD OF THANKS.

WOULD REQUIRE APPLICANT FOR DIVORCE TO LIVE IN STATE A YEAR

Measure is introduced in Iowa House — Another Measure Abolishes Offices of Custodian, Assistant Custodian and Chief of Police at State House.

Des Moines, Iowa, Mar. 9.—Representative Slaughter introduced in the Iowa house today a bill requiring that an applicant for a divorce must have lived in the state at least one year.

He prepared the measure after the house committee on judiciary refused to act on the suggestion of Judge Hubert Utterback of Des Moines who discovered a flaw in the present law and the possibility of making Des Moines a second Reno.

Representative Ball of Jefferson is author of a bill to increase the age of consent from 15 to 18 years. The offices of custodian, assistant custodian and chief of police at the capitol are abolished in a new bill by Senator A. C. Savage, chairman of the committee on appropriations. The bill transfers the duties of these officials to adjutant general and increases the latter's salary from \$2,200 to \$2,000 annually. The change would mean an annual saving of \$2,500 in addition to the quarters now occupied by the custodian.

EXPECT TO BEGIN LIGHT SYSTEM WITHIN THREE-WEEK PERIOD

Collections Will Begin at Once so That Money Will be Ready When Posts Arrive—Announcement of Spring Opening Made.

The directors of the Chamber of Commerce in session Tuesday evening for their regular March meeting, gave final approval to the boulevard light proposition and left with the promotion committee, of which M. R. Fitch is chairman, power to sign the contract with the King Foundry Co., for the eighty-two posts and accompanying equipment.

Preliminary work will begin at once under supervision of G. A. Sieber, electrical contractor. The grades will be calculated, holes will be drilled and cement bases constructed and all this work will probably be finished within three weeks, when, it is expected, the posts will arrive from St. Joseph, Mo. Secretary Carl H. Weber will begin at once the task of collection as the posts will be sent with sight draft attached to bill of lading and the money will have to be forthcoming when the equipment comes. The cost of the system will be approximately \$4,800.

Reports from various committees were read and from the tone of each it was apparent that the organization is securing a good start for the year's work. F. J. Heintz, chairman of the rural affairs committee, made mention of Mr. Eckhardt's address at the L. O. O. F. hall this afternoon.

Announcement was made of a retail merchants' opening day, to be held Wednesday, March 17, with thirty merchants taking part in the spring goods display. Clothiers, shoe merchants, milliners and dealers in men's or women's furnishings goods have combined for the plan and a lively opening is anticipated for St. Patrick's day.

Fancy Peaberry Coffee, 25c lb. Claus Tea Co. Try it.

LUNCHEON AND PROGRAM. The Ladies Aid of Woodson Christian church will serve cafeteria lunch Thursday evening in Colton's hall. Lunch ready at 5. Program of music and readings.

SEVERELY INJURED. The venerable James Wood, of 807 South Main street, was severely injured Tuesday by being struck by a street car. Mr. Wood went out to meet the car and stood too near the track. He had a fracture of three ribs and a cut in the back of his head. Aside from the bruises the shock was severe to him on account of his advanced years.

DEAN WINCHESTER CALLED BY DEATH

WELL KNOWN YOUNG MAN DIES FOLLOWING OPERATION.

Became Ill Monday From Obstruction of the Bowels and Gradually Grew Worse—Was a Late Member of the Junior Class of the High School—Funeral Announcements Later.

Dean Winchester died last night at Passavant hospital at 8:30 o'clock, following an operation for obstruction of the bowels. He went to his work as usual Monday morning, but while up town that evening became sick. He gradually grew worse during the night and through Tuesday. The family physician believed that an operation was the only means of saving his life. Two years ago Mr. Winchester had undergone an operation for a similar trouble and since that time he had never been strong in body.

Dean had a wide circle of friends in Jacksonville and his sudden passing away will bring deep sorrow to their hearts. He was popular on account of his affable manner and he was of an ambitious turn of mind. He was a Junior in the high school and during odd hours he worked for Myrick and company in their repair shop, and about a month and a half ago he quit school and opened up a bicycle repair shop of his own on South Sandy street.

While in the high school he was a member of the Adelphean Literary society and had appeared on many programs. He was a young man of musical ability, playing the violin, and was a member of the high school orchestra and of the Conservatory of Music orchestra. He was a member of State street church and had played in the Sunday school orchestra.

He was 19 years of age, the son of Mr. and Mrs. W. J. Winchester, 619 East College street. Besides his parents he leaves one brother, William, and a sister, Mary. The remains were taken to the undertaking parlors of W. W. Gilliam. No funeral arrangements have been made. It is probable that burial will take place at Eureka, Ill.

ELECTION HELD TUESDAY IN SOUTH JACKSONVILLE

SUBMIT EXHIBIT AT HEARING.

Chicago, March 9.—An exhibit purporting to show the hours which the locomotive firemen and engineers work, was introduced before the board of arbitration in the western railroad wage case here today by W. J. Lauck, a statistician. It indicated that 12.3 percent of the men work less than ten hours; 87.7 per cent more than ten hours and 34.7 per cent twelve hours a day or more.
